INDEPENDENT AUDITORS' REPORT

To The Board of Directors
Alzheimer's Association, New York City Chapter
New York, New York

We have audited the accompanying financial statements of Alzheimer's Association, New York City Chapter, which comprise the statements of financial position at June 30, 2015 and 2014, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Alzheimer's Association, New York City Chapter at June 30, 2015 and 2014, and the changes in its net assets and cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

ALZHEIMER'S ASSOCIATION, NEW YORK CITY CHAPTER
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015 AND 2014

Note 1 - Nature and Purpose of Organization

Alzheimer's Association, New York City Chapter (the "Chapter") was incorporated under the Not-for-Profit Law of the State of New York on May 7, 1985. The mission of the Chapter is to create and promote comprehensive and humane care and treatment for persons with Alzheimer's disease and related disorders, to provide support for their families and professional caregivers, and to eliminate Alzheimer's disease through the advancement of research. The Chapter meets this mission in the community through increasing public awareness, providing education, creating and encouraging replication of model programs, collaborating with research centers, and undertaking advocacy. Its primary sources of funding are contributions and special events.

The Chapter is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. To increase the comparability of fair value measurements, a three-tier fair value hierarchy, which prioritizes the inputs used in the valuation methodologies, is as follows:

Level 1 - Valuations based on quoted prices for identical assets and liabilities in active markets.

Level 2 - Valuations based on observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

ALZHEIMER'S ASSOCIATION, NEW YORK CITY CHAPTER
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015 AND 2014

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Fair Value of Financial Instruments (cont'd.)

Level 3 - Valuations based on unobservable inputs reflecting the Chapter's own assumptions, consistent with reasonably available assumptions made by other market participants. These valuations require significant judgment.

At June 30, 2015 and 2014, the cost basis of the Chapter's financial instruments including cash and cash equivalents, certificates of deposit, contributions receivable, accounts receivable, accounts payable and accrued expenses, and annuity payment obligations approximated fair value due to the short maturity of these instruments.

Refer to Note 5 - Fair Value Measurements for assets measured at fair value.

Cash and Cash Equivalents

Cash and cash equivalents include highly liquid investments with initial maturities when acquired of three months or less.

Certificates of Deposit

Certificates of deposit include investments with initial maturities greater than three months. Certificates of deposit are considered investments for purposes of cash flow reporting.

Investments

Investments are stated at the readily determinable fair market value in accordance with the Not-for-Profit Entities topic of the Financial Accounting Standard Board ("FASB") Accounting Standards Codification ("ASC"). All interest, dividends and realized and unrealized gains and losses are reported in the statement of activities as increases or decreases in unrestricted net assets unless their use is temporarily or permanently restricted by explicit donor stipulations or by law.

Contributions Receivable

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. Conditional promises to give are not included as support until the conditions are substantially met.

ALZHEIMER'S ASSOCIATION, NEW YORK CITY CHAPTER
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015 AND 2014

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Revenues and Accounts Receivable

Revenues and accounts receivable from program service fees are recognized when earned. Government grants are recorded as revenues to the extent that expenses have been incurred for the purposes specified by the grantors. To the extent amounts received exceed amounts spent, the Chapter establishes advances from government funders.

Deferred revenue represents amounts received for special events that have not yet been earned.

Allowance for Doubtful Accounts

The Chapter determines whether an allowance for uncollectibles should be provided for accounts and contributions receivable. Such estimates are based on management's assessment of the aged basis of its contributions and other sources, current economic conditions and historical information. Accounts and contributions receivable are written off against the allowance for doubtful accounts when all reasonable collection efforts have been exhausted. Interest is not charged on outstanding receivables. At June 30, 2015 and 2014, the Chapter has recorded an allowance for doubtful accounts of \$4,807 and \$12,104, respectively.

Fixed Assets

Fixed assets are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets. Leasehold improvements are amortized over the term of lease. The Chapter capitalizes property and equipment acquisitions over \$500, as well as expenditures that increase the life of existing assets. Equipment is depreciated between three and seven years.

Contributions

The Chapter reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Shared Fundraising Agreement

The Chapter and the Alzheimer's Association National Office ("National") entered into a Shared Fundraising Agreement (the "Fundraising Agreement"). The Fundraising Agreement is designed to coordinate and unify fundraising efforts by means of direct marketing, planned gifts, major gifts, corporate and foundation relations, general development and special events in New York City.

ALZHEIMER'S ASSOCIATION, NEW YORK CITY CHAPTER
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015 AND 2014

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Shared Fundraising Agreement (cont'd.)

Under the Fundraising Agreement, the Chapter and National allocate percentages of shared revenues, based on cash received, as defined, among the Chapter, National and the Mission Fund, based on percentages contained in the Fundraising Agreement. The Mission Fund was established as part of the Fundraising Agreement to benefit National and all of its chapters as a whole. Gifts restricted for a specific purpose are not considered part of shared revenues. Under the terms of the Fundraising Agreement, the Chapter is not required to pay dues to National.

During the years ended June 30, 2015 and 2014, under the Fundraising Agreement with National, the Chapter received 60% of shared revenues from National, and paid to National 40% of shared revenues, respectively. Unrestricted revenues from the Rita Hayworth Gala are shared (net of direct donor benefit) in a reverse split: Chapter received 30%, and National received 70%.

Charitable Gift Annuities

The Chapter's investments include funds subject to charitable gift annuities. Contribution revenues for charitable gift annuities are recognized at the date the agreement is established, net of the liability recorded for the present value of the future payments to be made to the respective donors and/or other beneficiaries. The present value of payments to beneficiaries of charitable gift annuities is calculated using a 6% discount rate. Gains or losses resulting from changes in actuarial assumptions and accretions of the discount are recorded as increases or decreases in the respective net asset class in the statements of activities. The present value of the annuities is classified as unrestricted net assets. The fair market value of the investments is \$26,203 and \$29,025 at June 30, 2015 and 2014, respectively.

Net Assets

Unrestricted net assets include funds having no restrictions as to use or purpose imposed by donors. Temporarily restricted net assets are those net assets that are restricted by the donors for specific purposes. Permanently restricted net assets are those net assets whose principal may not be expended. The donors may or may not restrict the use of investment income.

Functional Reporting

The costs of providing the Chapter's services have been summarized on a functional basis. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Donated Services

Many individuals volunteer their time and perform a variety of tasks that assist the Chapter with specific assistance programs, campaign solicitations and various committee assignments. No expense is reflected in these financial statements since the services provided do not meet the criteria for recognition under FASB ASC Topic 605.

Operating Leases

Operating lease expense has been recorded on the straight-line basis over the life of the lease. Deferred rent has been recorded for the difference between the fixed payment and rent expense.

Accounting for Uncertainty in Income Taxes

The Chapter adopted the provisions pertaining to uncertain tax provisions of FASB ASC Topic 740, *Income Taxes*, and has determined that there are no material uncertain tax positions that require recognition or disclosure in the financial statements. The Chapter is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Chapter believes it is no longer subject to income tax examinations prior to 2012.

Note 3 - Concentration of Credit Risk

The Chapter maintains cash balances in several financial institutions which are insured by the Federal Deposit Insurance Corporation ("FDIC") for up to \$250,000 per institution. From time to time, the Chapter's balances may exceed these limits.

Note 4 - Restricted Cash

The Chapter has a certificate of deposit with a bank, which is pledged as collateral for its leased property (see Note 12) and a corresponding letter of credit (see Note 14). The certificate of deposit at June 30, 2015 and 2014 was \$117,507 and \$115,297, respectively.

Note 5 - Fair Value Measurements

The Chapter measures its marketable securities at fair value. Fair value is an exit price, representing the amount that would be received on the sale of an asset or that would be paid to transfer a liability in an orderly transaction between market participants. As a basis for considering such assumptions, a three-tier fair value hierarchy is used which prioritizes the inputs in the valuation methodologies in measuring fair value.

Note 5 - Fair Value Measurements (cont'd.)

Fair Value Hierarchy

The methodology for measuring fair value specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (observable inputs) or reflect the Chapter's own assumptions of market participant valuation (unobservable inputs).

Items Measured at Fair Value on a Recurring Basis

The following table presents the Chapter's assets that are measured at fair value on a recurring basis at June 30, 2015:

	<u>\$ 1,908,353</u>	<u>\$ 1,538,255</u>

Note 11 - Endowment Funds

General

The Chapter's endowment consists of four individual donor-restricted endowment funds established to create and promote comprehensive and humane care and treatment for persons with Alzheimer's disease and related disorders, and to provide support for their families and professional caregivers. As required by U.S. GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

ALZHEIMER'S ASSOCIATION, NEW YORK CITY CHAPTER
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015 AND 2014

Note 11 - Endowment Funds (cont'd.)

Interpretation of Relevant Law

The State of New York enacted the New York Prudent Management of Institutional Funds Act ("NYPMIFA"), a modified version of the Uniform Prudent Management of Institutional Funds Act ("UPMIFA"). The Chapter has evaluated the effect of NYPMIFA on the investments, appropriation and management of institutional funds and established procedures to comply with its provisions.

The Chapter interprets state law as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Chapter classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment and (b) the original value of subsequent gifts to the permanent endowment. Currently, there are no provisions in donor gift instruments that provide for any other accumulations to the permanent endowments.

In accordance with FASB ASC Subtopic 958-205, *Not-for-Profit Entities*, upon the passage of NYPMIFA, the Chapter is required to determine if there are any non-appropriated endowed investment earnings, and if so, it would need to reclassify them as temporarily restricted net assets.

It is the Chapter's policy that any remaining portion of the donor-restricted endowment funds, if any, that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by NYPMIFA. The amounts appropriated for expenditure represent amounts that were spent within the year in satisfying the purpose restriction.

The Chapter has considered the following factors in making a determination to appropriate or calculate donor-restricted endowment funds:

1. Duration of the fund
2. General purposes of the organization and the donor-restricted endowment funds
3. General economic conditions
4. Possible effect of inflation or deflation
5. Expected total return from income and appreciation of investments
6. Other resources of the organization
7. Investment policy of the organization

Return Objectives, Strategies Employed and Spending Policy

The objective of the Chapter is to maintain the principal endowment funds at the original amount designated by the donor. The investment policy to achieve this objective is to invest in low risk investments. Investment income, earned in relation to the endowment funds, is recorded as temporarily restricted income except for 10% of investment earnings attributable to the Estate of John Marshall, reinvested in the permanently restricted net assets. The Chapter has adopted a spending policy in which the total appropriation for expenditure for any given year is equal to or less than 7% of the average fair market values of the investments for the prior twenty fiscal quarters based on board approval.
